ROGERS WONDERS WHEN CAL WILL BEGIN ENDORSING

(Special To The News)
BEVERLY HILLS, Cal., June 11.—Not much news Monday. Nothing ever happens over Sunday, but ram, accidents and golf. No airplane crashes, so the newspapers had nothing to feature and had to give notice to the doctors that were hurt in autos.

President Hoover is a rain out and the catfish on the famous old Rapidan got a n executive stay of execution for another week.

Mr. Coolidge's personal escapades appeared in another magazine. The first thing you know he will be endorsing some rapid-fire typewriter; that's how I get my work done.

The last of the Shrimers are being packed and shipped home C. O. D.

Hoover Approves Enforcement Move For Border Patrol

Reorganization Of Enforcement Methods On Canadian And Mexican Borders Okayed

HUDSON PREPARES BILL FOR HOUSE

To Centralize All Border Patrol Duties Into One Organization

By WILLIAM S. NEAL
International News Service Staff Correspondent
WASHINGTON, June 11.—President Hoover has approved proposals for a sweeping reorganization of law enforcement methods on the Canadian and Mexican borders, with the introduction by Rep. Grant M. Hudson (R of Michigan) of a bill creating a "United States Border Patrol Service."

The proposed service—patterned somewhat on the idea of the Royal Mounted Police of Canada—would embrace the customs service, immigration inspectors, prohibition and coast guard officers and bring under its jurisdiction some department of agriculture agents.

Hoover In Accord
Before introducing the measure, Rep. Hudson, one of the leading drys in the house, discussed the plan with President Hoover, who, he said, approves the principle. The border patrol service was included in the subjects Mr. Hoover listed for study of a joint congressional committee.

There are now 712 customs agents on the borders, 870 immigration inspectors, 90 inspectors of the agriculture department and roving prohibition agents and many coast guardsmen.

They frequently duplicate the work of each other and smugglers of all kinds profit by a division of authority and duties, Hudson asserted.

"The border patrol should be a uniformed agency, and the most important measure of this suggestion is presented with the question of control."

Swedish Fliers Balked By Wind, Forced To Land

Swedish Airmen Start For Greenland, But Are Forced To Turn Back

NEW PROPELLER TO BE INSTALLED

(International News Service)
REYKJAVIK, Iceland, June 11.—The Swedish monoplane Sverige, in which Captain Albin Ahrenberg and two companions are attempting a trans-Atlantic flight from Stockholm to Reykjavik today, returned to Reykjavik today two hours after taking off for the flight.

The Sverige loomed up out of the clouds at 8:30 a. m. after virtually the entire population of this city had given the fliers an enthusiastic send-off some two hours earlier.

This is the second time the airmen have encountered trouble on the flight. They were forced down on the island coast because of gasoline shortage after battling adverse winds for hours on the second leg of the trip from Bergen, Norway, to Reykjavik.

Capt. Ahrenberg's return was due to propeller trouble. He said he would have to install a new propeller before he could restart for Greenland.

Carey Air Mail

The airmen arrived here at 7:48 p. m. yesterday from Westmann Island, where a forced landing was made Sunday by the Icelandic fishing boat Odin and brought to Westmann Island, where the cruiser Frilla was waiting with a supply of gasoline.

Aviatrix Undaunted By Crash With Auto

SHARON, Pa., June 11.—Sharon's aviatrix, Mrs. John Fehline, 22, is not the least bit undaunted as the result of her near-fatal smash at Youngstown, O., Sunday.

Mrs. Fehline says she will be in the plane, owned by her young husband, as soon as repairs are made.

While completing a landing on a field near Youngstown, her plane got out of control and struck an automobile standing in the road.

Four New Castle people who were in the car were slightly hurt. Mrs. Fehline's knee was cut.

Bessemer High Girl Has Perfect Record For School Attendance

Miss Elizabeth Macklin, a member of the graduating class of the Bessemer high school, now is holder of a record which not more than a few persons in the entire United States can lay claim.

Last week, the Bessemer schools came to a close for the year and at this time, Miss Macklin completed a 12 year-non-absence, non-lazy attendance record in the Bessemer school.

Miss Macklin has taken her entire school course in the Bessemer schools and throughout the entire extent of her school career thus far she has not missed a class or a minute of the sessions during that time.

No, she has not been a grind. Betty, as she is called, was the star center on the basketball team, she was active in journalistic circles of the school, participated in school musicals, took a leading part in the senior class play, and is a talented musician.

This spring she became ill with quinsy but despite this, she attended every class. She plans to further her study along musical lines, taking piano and voice.

Harmony Dinner By Democrats Is Successful Event

John J. Raskob, Makes It Plain That He Is Not Going To Resign Chairmanship

SMITH'S NAME IS LOUDLY CHEERED

First Important Gathering Of Democrats Since November Debate Is Successful

By GEORGE R. HOLMES
International News Service Staff Correspondent
WASHINGTON, June 11.—The He'llin-Simmons-Cannon faction in the Democratic Party, who have been demanding the official head of Chairman John J. Raskob and the elimination of every vestige of all Smith leadership, might as well save their breath.

For Raskob is not going to resign, and in the natural course of things Gov. Smith will remain the titular leader of the party until the party chooses a successor.

Make It Clear

This was made crystal clear last night to several hundred nationally prominent Democrats at a "harmony dinner" given in honor of Louette Shouse, the Kansan who was recently chosen to organize and conduct a militant national party headquarters in the Capital. The dinner brought together more Democrats than have assembled anywhere for party purposes.

Man Finds Old Coin In Garden

While working in his garden, Thomas W. Hamilton of 311 Adams street unearthed a 50-cent piece issued in 1850.

According to Mr. Hamilton, the coin is considered valuable in coin collecting circles due to the 13 stars about the head and the printing being on the edge rather than being milled on the edges.

Another saving which Chief Russell sees in the wholesale reduction is in the matter of cloth for uniforms.

"Smaller policemen will require less cloth," Russell said.

Deputy Commissioner John Stege was asked for his opinion of the thing.

"The smaller ones are harder to shoot than the fat ones," Stege said.

Regional Board Members To Meet Here Wednesday

Sessions To Continue Through Thursday—Expect 500 Visitors

BUSINESS STATUS TO BE CONSIDERED

Sessions In Cathedral, Field Club And The Castle—ton During Event

Business barometer of Western Pennsylvania and surrounding regions will make its forecast from the city of New Castle Wednesday and Thursday of this week.

During these two days, members of the Allegheny Region I Advisory Board, organization of shippers industrial and railroad men, will convene at The Cathedral for the tenth annual June meeting.

T. P. Morehead, local chairman, announces the completion of plans for the two days affair here. Considerable work has been done by the local men who are members of the board and much is planned in the way of receiving and entertaining the body while in this city.

Executives Meet
Wednesday forenoon, the business meeting of the executive group of the board will occur at the New Castle Field Club. This meeting will begin at 10 o'clock and will continue until noon, at which time a luncheon will be served.

Entertainment at this luncheon will be in the form of music which will be furnished by the Pennsylvania railroad E. and A. division orchestra.

As soon as the business of the executive board and committee is completed, this group will play golf during the afternoon and early evening.

Wednesday evening, the several hundred men who will attend the conference Thursday morning at The Cathedral are expected to arrive. For this group, there will be a smoker and buffet luncheon in the crystal ball room of The Castle. This will take place at 10 o'clock.

Convene at Cathedral
Thursday forenoon, the main business meeting will occur in the auditorium of The Cathedral. At this time, the various reports concerning shipping and industrial conditions of

Campbell May Take Stand In His Own Behalf

Henry Colin Campbell, Friend Slayer May Be Called To Stand Today

PROSECUTION IS ABOUT COMPLETED

(International News Service)
ELIZABETH, N. J., June 11.—Henry Colin Campbell, 61-year-old engineer and publicity man, who is on trial in the Union county court of over and terminer here, charged with shooting to death his bigamous wife, Mrs. Mildred Mowry, of Greenville, Pa., on February 23, last, and then burning her body at the side of Springfield avenue, Cranford, may testify in his own defense today.

The prosecution's last moving procession of witnesses is expected to come to an end before the day is over, with a final link of expert testimony in the chain of evidence.

State pistol experts will testify that the bullet which was taken from Mrs. Mowry's chest, after traveling down through her head and neck, was fired from Campbell's .32-caliber automatic pistol.

State Rests Case
Elizabeth, N. J., June 11.—The state today rested its case against Henry Colin Campbell, confessed torch murderer of Mrs. Mildred Mowry.

In his opening address to the jury in Union county court, defense attorney Francis A. Gordon stated that Campbell will plead insanity. He was not able to "tell right from wrong, due to financial worries," said Gordon.

Campbell himself was expected to take the stand later in the day.

ACTRESS KILLED BY LEADING MAN

Margaret Lawrence, 38, star of many Broadway plays, and Louis Ben-nison, 45, who had been her leading man, were found shot to death in the actresses' penthouse home atop an apartment building in New York City. Police have advanced the theory that Ben-nison killed the actress as she slept and then turned the gun on himself.

Doctors Report Miss Margaret Lawrence And Louis Ben-nison Filled With Alcohol

MURDER-SUICIDE THEORY STRONGEST

(International News Service)
NEW YORK, June 11.—While the body of Margaret Lawrence, famous actress shot and killed by her lover in her roof-top apartment here, was to be taken to German town, Pennsylvania, today, for burial according to the wishes of her Quaker faith, police have satisfied themselves that the actress, who a few years ago was conceded to be the most brilliant comedienne of the New York stage, was shot and killed by Louis Ben-nison, old-time cowboy actor of the screen, who turned the gun on himself.

Were Intoxicated
Autopsies performed on the bodies revealed that both were literally saturated with alcohol. The official statement disclosed that alcohol was present in both bodies in "plus" quantities—that being the official medical designation for the physiological limit of intoxication.

Confidence Vote Expected Today On Farm Relief

President Hoover Appears Likely Winner In Joust Over Debenture

SLIM MARGIN TO DECIDE ISSUE

Conference Report Will Be Voted Upon; Try To Keep Measure From House

By WILLIAM K. HUTCHINSON.
International News Service Staff Correspondent

WASHINGTON, June 11.—The Hoover administration faced a vote of confidence in the Senate today on its farm relief program, with the President likely victor.

The vote will come at 4 o'clock upon the conference report on the new farm bill, from which the export debenture plan has been eliminated. Adoption of the report will send a debentureless farm bill to the White House within 24 hours for the President's signature. Rejection of the report will send the bill back to conference. Deadlock in the Senate battle delays examination of the bill and probably force the house to a direct vote on the debenture—something the astute politicians in that branch have dodged throughout the special session.

Coast Oil Fire Being Fought, Is \$3,000,000 Loss

Firemen Battle Raging Flames At Santa Fe Oil Fields; Nine Derricks Destroyed

(International News Service)
LOS ANGELES, June 11.—Hundreds of firemen today were battling a blaze in the Santa Fe oil field, near here, a fire which has already consumed nine derricks and 40,000 barrels of oil in storage tanks. Damage was estimated at \$3,000,000.

The fire started when the gas pressure in the clogged oil pipe of the Rhodes-McAdams well suddenly sent a shower of oil over several refining boilers.

Efforts are being made to check the spread of the blaze to other derricks. It is expected that the fire can not be extinguished for several days.

W. W. Barris Killed In Auto Accident At Steubenville, O.

SERVED IN FRANCE FOR EIGHTEEN MONTHS

Willis William Barris, aged 32 years, a well known young man of Pulaski and veteran of the World war, was killed in an automobile accident in Steubenville, O., where he was employed, at an early hour this morning according to a message received by his parents, Mr. and Mrs. W. W. Barris of Pulaski.

No details were stated in the message concerning how the accident occurred with the exception that Mr. Barris lived for three hours after he was hurt. His death occurred at 6 o'clock this morning in the Ohio Valley hospital of Steubenville.

The young man was an employee at (Continued On Page Two)

A man can buy a suit of clothes and sell it down in brass, a real sure it will be at to wear most any time. He knows it won't get out of date, the style is made to stay, and so he feels contented when he buys that suit. It's different with a woman's dress. The styles change with the seasons, the dress that is the rage today, tomorrow's possession. It may be just the latest thing, when she goes out to call, but then she's back again. She may be deemed to call. We're seen long dresses fade away, and they reach the knees, and often we have shuddered when it came a sudden present we've seen the necks cut down in front, because we aren't used, and now the latest style's a cut that goes 'way down behind. This kind of dress is not so bad, the object, I am told, is so the man can get a shawl, at shoulders grin and cold. It's said a shawlneck neck and back, just shows a woman's tit, the weather's windy today, so Old Sol, do you bet.

The Way
OF THE
World

By GROVE PATTERSON

MISERY AND COMPANY

It is an old saying that misery loves company. The fact is that company is important in curing misery. Modern science has done much in removing mental diseases from the realm of mystery. A century or so ago insane, queer or eccentric people were in danger of being burned for witchcraft. In modern hospitals for mental diseases—no longer do we call them insane asylums—physicians usually find that each person who is ill believes his case is individual. In getting the patient back to a normal state of mind it is important to keep before him the fact that there are many others in his condition and that corrections and cures have been made. Man's terror is always decreased by company.

GOOD BANKING

The money values, called loan sharks for short, are being driven out by the humane and helpful methods of sound banking. There are many small but good banking institutions now which lend money to people of small means at reasonable rates. Recently the methods of money values who have been flourishing in Kansas City have been made public. One victim borrowed \$30. He paid six dollars a month interest for three years and still owes them \$30. Another man borrowed ten dollars. Disreputable "justices" before whom cases were taken always ruled for the loan sharks.

Today nobody with good character and good habits need be driven to the lair of the loan shark. The widely extended service of legitimate banking is one of the most important improvements in modern civilization.

ADVICE TO WOMEN

No honest man feels quite up to the task of giving advice to women—especially club women. Since it will be safer and sounder to let Mrs. Ann Richardson, associate editor of a woman's magazine, talk for a moment. She seems to have no illusions about the benefits that come from women in politics. She says: "The women took a great part in the last campaign, but it was largely emotional. Two emotional issues drew the women in the campaign: namely, religion and prohibition. Women were excited about these, but not interested in any other issues, except, perhaps, the partisan issue of the tariff. They had been brought up on that, and had definite convictions, though they did not know what the tariff meant."

"Fifteen million women who were red-hot over the campaign for three months last year are now arguing over some such petty subject as whether cigarettes are good for women. Do they have time to read and find out what the debenture plan is? Not they may be no worse than the men in this score, but they have the leisure to study these things—they have the organization things—and the study programs which could lead into these subjects. However, outside of the League of Women Voters, no one is doing anything to keep in touch with what she voted for."

IT IS A ROYAL EXPERIENCE

To find yourself the master of a habit that once mastered you. To be able to walk among your transgressions without fear. To have the confidence that you have the friendship of God. To see your son succeed by virtue of your sacrifice. To know you are innocent when charges are being hurled. To be attacked by evil because you have labored for the good. To retire at night knowing you have done your level best that day.

Bible Thought
For Today

FULFILLMENT: Think not that I am come to destroy the law, or the prophets. I am not come to destroy, but to fulfill. For verily, I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law till all be fulfilled.—Matthew 5:17, 18.

PRAYER: Give us, Lord, the open mind and the responsive heart to receive Thy fulfillment.

Hints and Dints

Sun sets tonight 7:28; Sun rises tomorrow 4:30.

A reformer wants to prohibit the sale of cigarettes to all women under thirty years of age. Well, if they don't smoke 'em younger they may have long enough to be able to puff 'em.

Two copies of a huge book on marriage were given to me. About 20 noted men and women contributed their best thought to this volume, but I have not read it and probably will not. The reason is this: I saw a five line review of the book and the writer said it didn't contain a single reference to economics, budgets or any ugly materialistic factor.

Ability to pay the bills is not the secret of a happy marriage but inability to live within the family income has wrecked so many ships that this factor cannot be ignored.

Some years ago the banks of the Neshamock creek were full of ferns of all kinds. Go up there now and see how many there are. Those ferns were torn up and planted some other place where they did not grow and the result is all humanity loses the sight of these beautiful things. Some birds just have to tear up every shrub no flower they see in the woods, and some even go to the cemeteries and gardens to carry on their evil work.

Somehow or other "love, honor and cherish" seems to promise something better than peanut butter sandwiches.

The deficit of \$1,300,000 in the National Democratic committee after the last presidential campaign has been turned into a surplus of \$138,645. Reginald and Lloyd Democrats turned tricks. The National Republican committee also has a surplus of \$213,791, also contributed by loyal Republicans.

"And her mean husband" thinks she's extravagant.

"Why?" because she insists on having Flood monogram stamped on his dog biscuits.

What's the money coming to when our young men spend all their money for fancy socks and can't buy no hat?

It is said that the difference between the pessimist and the optimist is that the former asks "Is there any milk in the pitcher?" while the latter says "Hand me the cream."

Any fair human, man or woman, who wants to reduce can get results by working in a garden in the hot sun for a few hours a day. We know. And how!

References.

Men who do the hiring learn interesting facts about the value of references.

Letters of recommendation from a minister, and to say, do not always carry weight. The reason is not due to any wilful misrepresentation on the preacher's part but rather to the fact that he cannot safely refuse to give a favorable endorsement to any young man in his parish. Moreover he is by nature and profession kindly and optimistic. So if the boy's family are members of his parish he can only say: "Well, the young man hasn't amounted to much as yet but he comes of a splendid family and I hope everything will be for the best."

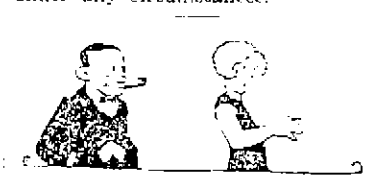

So since every minister's letter of recommendation is invariably too good to be true the net value of such endorsement is small.

Letters that are too enthusiastic are regarded with suspicion too.

A firm which recently hired 200 new men, entirely by mail, has made a deep study of the qualifications which lead to success in their business. They demanded healthy men, and men with personality; these factors loom more importantly in their estimation than mere education. They require a snapshot with the filled-out application blank and three references. The

kind of references given are noted carefully.

But although three references are asked for the company only writes to two of them, the last two. The idea is that the first reference will be a friend or a relative who is possibly biased in his judgment, and enthusiasm. References 2 and 3 will possibly come a little nearer the truth in their statements. It is generally understood that every man has at least one friend who will vouch for him under any circumstances.

A wife can tell when her husband's love is cooling. He no longer resents frocks that expose too much.

When the proprietor puts "maître d'hôtel" after an item on the menu it means that every waiter had better put that item if he wants to avoid harsh words in the kitchen later on.

There's another reason why some people don't want Sunday baseball. A minister has written to a baseball paper saying he is opposed to it because his work keeps him from going to the games.

The biggest problem President Hoover has confronting him is law enforcement. No other president has ever had such a big job to face, and some people think the world is getting easier. Anyhow we are obliged to have more policemen every year.

Every merchant owes it to his business and to his city to be a booster and a community builder.

The man who designed an airplane that will carry 500 passengers had better get him a little world to use as a landing field.

Yet, even in summer a cold morning bath can be improved by the addition of a little hot water.

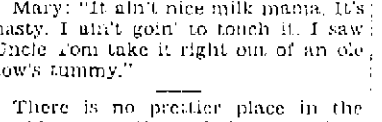

But suppose other countries ask our Ambassadors to give up chewing gum.

There are people who say that advertising does not pay. We know of four merchants who got orders aggregating \$32,000, which they would not have received had they not advertised. We also know of a lady in Kent Valley who bought over a thousand dollars' worth of women's wearing apparel in this city after she read ads in The News. You can sell some goods without advertising, but you can sell many times more by advertising. The sheriff has to advertise by law.

Mother to city child on first visit to the country: "Now Mary you must drink your nice milk, you haven't even touched it."

Telegraph companies have regular form messages to express congratulations on almost all occasions except the birth of twins.

Daylight rosters are always called "darning." Probably due to the fact that night-shift operators merely require gall.

At the meeting of the National Shrine last week in Los Angeles, a resolution was passed assuring President Hoover of support of six hundred thousand shimmers in America in his efforts for law enforcement. That's a bunch of real American patriots and having them for anything means a whole lot.

The young dramatist, walked nervously into the managers' office. "Might I ask if my three-act play has been read yet?" he said.

"Three different people have read it," answered the manager, "and each thinks it will do with one act cut out."

"I'm glad to hear that it is no worse," replied the other with a sign of relief.

"But," continued the manager, "each wants to cut out a different act."

Did you ever stop to think that the man who seeks revenge usually finds trouble?

Another thing that causes a great many family wars is that while friends are saying there is an act of rudeness in the home work she won't admit there is any about office work.

The chicken is a guileless bird. And really is a sin.

It must be a pleasure to attend a meeting and not be disturbed for a contribution or appointed a member of a committee.

Most of America's ills are due to the fact that a child with too many toys always wishes for something to do.

MAN

It's very curious I think That man may choose his meat and drink.

The clothing he pretends to wear, And just what burns he will wear.

What joys he'll seek, what pleasures he'll shun, And follow where his fancies run.

All other living creatures range Within a need they cannot change.

Who watches birds and beasts will find That instinct rules each separate kind. The purple martins cluster near the eaves. The same sure year after year. Who looks at one will see them all. They come in spring and leave in fall. And never one elects to stay When all its fellows fly away.

But free to reason and to choose, Man shapes his life as he sees. He dreams and plans and builds anew. Selects his several pleasures, too. Improves the old, and grows to be A self-made personality.

Thus by the right of choice, mankind May onward press or stay behind.

There must be something in the phrase Which gave such latitude to man. If this brief life we'll ever know In wisdom it is vain to grow. Within us all a soul must dwell. Or instinct would have served as well. The beasts within their field must stay. But man has hope beyond his day.

Friends And Critics Of Retiring Assistant Attorney General Appraise Her Seven Years Of Prohibition Enforcement

The keen interest taken by the country in the announcement of the resignation of Mrs. Mabel Walker Willebrandt from the office of assistant attorney general after an incumbency of more than seven years reveals how indelibly she has impressed her personality on the minds of her fellow countrymen. Her collection of editorial bouquets and brickbats is a stable proof of her wonderful fine appreciation of the public.

No other woman has attained so high a place in the federal government as that now voluntarily relinquished by Mrs. Mabel Walker Willebrandt. The LOS ANGELES EVENING EXPRESS, which, reviewing her work, continues: "As assistant United States attorney general, Mrs. Willebrandt for seven years has been the active head and has had full responsibility for the prosecution of violations of the prohibition law. She has carried one of the heaviest responsibilities of any appointed official of the government and has done so successfully. Her retirement will be a distinct loss to the public service."

The KALAMAZOO GAZETTE observes that "in leaving government service gracefully and with the assurance of President Hoover that her work was well done, despite the flood of condemnation which followed her about the country during the campaign." The LINCOLN STATE JOURNAL speaks of the "highly important character of the government work she has done, and says she has shown herself able in the discharge of her duties."

"That liquor law enforcement under her has meant something more than a gesture," is the tribute of the DES MOINES TRIBUNE-CAPITAL, while the ALTOONA MIRROR credits her with having never "flinched in the performance of duty. The SPRINGFIELD MASS. REPUBLICAN predicts that "she will remain one of the noble women of America," and the SALT LAKE DESERT NEWS declares: "She has made an enviable record and deserves well of the nation which she has so excellently served."

Her critics speak with equal vigor. Says the ROANOKE WORLD-NEWS: "There will be little regret at the retirement from public life of Mrs. Mabel Walker Willebrandt, and every reason for its opinion, this paper adds: 'Coming into public life as a protégée of Harry Daugherty, President Harding's attorney general, she descended Daugherty in the campaign of last November, she was extremely offensive, engaging in improper political maneuvers under cover of prohibition enforcement.'"

The OMAHA WORLD-HERALD considers that "some of the laurels are tarnished which Mrs. Willebrandt will carry with her into private life, even though she has become 'one of the six best known women in the United States.' The 'World-Herald' lists as among the 'purer memories' her campaign speeches 'when she raised a religious issue against Governor Smith.'

"There were signs of relief, undoubtedly, from Maine to Mr. Wilson when the news was flashed from Washington that the resignation had been received by President Hoover and promptly accepted," remarks the ATLANTA CONSTITUTION, as it says of her: "She could become Harry Daugherty, hobnobbing with St. Louis and back John Garibaldi Sargent into any corner of his office. She could let loose gas waves in the presidential campaign, to the consternation of Chairman Wilson and his committee, but there was an end to her rope and now she has reached it."

The NEWARK EVENING NEWS recalls the campaign, saying: "During the late lamented Presidential campaign Mrs. Willebrandt filled a unique place. Brave men flinched when she rose to speak, and more political leaders grew baggard with apprehension at the sight of her mind and policy won't be the words." The GAZETTE continues this paper, Mrs. Willebrandt will be missed. Not many such persons are left.

The NINETEENTH AMENDMENT? Like any shining from the robes of stone, it is common to western legislators. It was the basis of Representative Dewey, Johnson, J. J. Jordan and Hans Arns before the Minnesota House, at its present legislative session, defeated the Bill to tax cigarettes two cents a package. When the House was had ceased debating the increased cost of stopping nonchance, that embarrassing moment and the danger that passing the Bill might not be lucky for Minnesota, the serious thinkers took the floor.

"Clean stuff and chewing tobacco are not affected and you are hurting the poor man," said Representative Johnson in opposition.

Representative Arns, "You're all right, the milliners don't draw tobacco or snuff. Those little dudes smoke cigarettes."

"I was opposed to this Bill," said Representative Jordan, "but in Minnesota walking along the streets I saw a lot of cigarettes here and there and I smoked and threw away. If the tax is so much they can smoke them shorter."

The Bill on first call passed with a House affirmative vote of 68 to 45, but on reconsideration lost out by five votes.

Days' Prayer
In Congress

The Chaplain, Rev. James Shera Montgomery, D. D., offered the following prayer:

Thou who wilt not break the bruised reed, do Thou hear our prayer. Out of the depths of our helplessness and because of our tendencies do we call upon Thee. Just now let silence rest upon our souls, that Thy Spirit may whisper sweetly. These sermons of the Republic, who share the sun's warmth of the shade, give them a social benediction. Bless and guide them with Thy light and a calm mind and an unquenchable soul. In the name of Jesus Amen.

Feeling Is High Against Officer In Border Death

Rigid Inquiry Is Now Under
Way To Determine Facts
In Tragic Death

INTERNATIONAL FALLS, Minn. June 11.—Alcohol, admitted to bond of \$1,500 on a second degree manslaughter charge, held against him for the killing of Henry Virkala, 34, of this restaurant owner, Parkman street, who was shot to death in the kitchen of the restaurant, which was owned by half a dozen armed men.

While decided not to take steps to arrest himself at the opportunity for release on bond after cornered, Virkala had declared that feeling was strong against the prisoner and trouble was feared.

Federal authorities throughout Minnesota today joined in the investigation.

Inquiry Under Way
Separate phases of the inquiry were being conducted under the direction of Henry A. Roberts, special agent in charge of the department at St. Paul, and of N. A. Linderberg, assistant customs collector at Duluth. Prosecutor David Hurlbut of Duluth, claiming custody of the slain man, has requested L. D. Deil, United States attorney at St. Paul, to participate in the investigation.

Inspector White, a former United States cavalryman at Fort Riley, Kans., who entered the border patrol service only recently, declared he and inspector Earl Servino confronted the automobile in which Virkala was driving Saturday night with his wife and two daughters, and Servino displayed in the glare of the headlights a sign bearing the legend, "Stop U. S. Officers."

Servino was about ten feet closer to the approaching car than L. White testified. "I heard him yell for the driver to stop, but the car continued past him and I had to jump out of the road to avoid being hit."

FIRST CHRISTIAN TROOP
The First Christian Boy Scout troop No. 15 held its regular weekly meeting Thursday, June 6, in the form of an outdoor meeting at Pine Grove. Scoutmaster Sidney Smith and Assistant Scoutmaster George McCracken were in charge of the meeting. A large number of scouts were present.

The meeting was opened by Scoutmaster Smith leading the boys in the scout oath. The flag salute and allegiance ceremony were conducted by Elliott Francis.

A treasure hunt was held in which Haskell Kitcher was the winner. An observation tour was held. Glenn Peabody was the winner.

Plans were made for a fathers, mothers and sons banquet which will be held at Neshaunock Falls sometime this month.

The meeting was closed by Jack Parks blowing taps.

Will Graduate From Institute

JAMES CALLAHAN

James Callahan, son of Attorney and Mrs. S. J. Callahan of 115 East Moody avenue, will graduate Wednesday evening from Dana's Musical Institute of Warren, O.

During his four years at Dana's, Mr. Callahan has studied violin exclusively, under the instruction of Charles H. Lowry, a teacher of established reputation. For his graduation, Mr. Callahan will play the Viennese violin concerto in D minor, with orchestral accompaniment. Immediately following graduation, he will fill a week's engagement at Conneaut Lake as a member of the Dana Symphony orchestra, after which he will return to his home here to take up professional work.

poses since the great November debacle. Moreover, there was every appearance of harmony—at least among those present. Speaker followed speaker with the battle cry of "get together." Raskob was given an ovation when he spoke, and the only indirect reference to "our leader in the last campaign" ("Gov. Smith") brought the claps to their feet with volleys of applause.

Heflin-Simmons Absent
Some of the more bitter anti-Smith people, like Senator Heflin of Alabama, and Senator Simmons of North Carolina, were conspicuous by their absence, but the South in general was well represented by a dozen senators and many members of the house. Senator Overman of North Carolina, attended and spoke for unity.

Chairman Raskob made it emphatically clear that he has taken on the job of reorganizing early machinery to stay with it until it is finished. He wants to apply to political organization some of the principles of the modern business corporation. Shouse further emphasized the need of a national organization that will keep functioning. He pointed out that in the past the national committee has plunged into feverish activity once every four years at campaign time, and otherwise been a dormant inactive institution.

Make Plans To Bring State G. A. R. Session Here During Next Year

A well defined movement is under way at the present time to have this city entertain the 1930 convention of the Grand Army of the Republic and affiliated organizations.

It is considered possible that this will be the last effect of a state convention of the Grand Army of the Republic, because of its rapidly changing ranks and it is quite generally considered that it would be a distinct honor for this community to entertain these veterans of a war which prepared our country to us.

The conventions of the several affiliated organizations last three days and nights from three to five thousand members at the very least to the convention city. It is thought to be the best state convention in Pennsylvania. It is estimated that it might mean an even greater attendance.

It is believed that this city can secure the convention. It will cost something however to entertain this large number of people and that will be the local problem.

Paul L. Burt of The News, when the matter was presented to him, stated that he was for it and would do everything in his power to make it a go. The movement also has the approval of Judge James A. Chambers and other prominent citizens, who would consider it an honor to entertain the Boys in Blue.

Speed must be made in preparing to invite the convention. If it is done, as the state convention this year will be held next week and if this city is to seek the convention, it must be prepared to present the invitation at the time with all necessary evidences of being able to entertain the several affiliated organizations.

Enforcement Of Prohibition Is Lessening Crime

Fewer Cases For Trial At Criminal Court This Week Than For Some Time

From present indications there will be very little work, if any for the jury which has been summoned for the second week of criminal court, which is scheduled to begin next Monday.

One reason for this is that District Attorney J. Elder Bryan has succeeded in getting pleas of guilty or nolle prosequere from a number of those who were indicted by the grand jury.

There are no very important cases on the list, and none of a sensational character. It is the smallest list of cases to be presented in criminal court for some time.

Come in Lawrence county seems to be on the decrease, owing to the effective enforcement of prohibition laws. There are fewer drunken drivers and fewer liquor law violations than for some time.

Mush Is On Trial In Narcotic Case

Matthew Mush, charged with selling narcotics, was placed on trial before Judge Chambers in court today. Mush was arrested as a result of investigations made by State Narcotic Agent Hayes.

One of the principal witnesses was Mrs. Pearl Dando.

Mrs. Dando is now being confined in the county jail in an effort to break her of the drug habit. She testified that she had bought the drug which she had used from Mush. The defendant denies the charge.

WILLIAM COVERT FACES CHARGE AT ALDERMAN'S

William Covert has been charged with breaking and entering in connection with his alleged part with others, who have also just been arrested, in the robbery at Dad's gasoline station on Grove street last October.

The charge has been made before Alderman Walter T. Hamilton. He and others already arrested in the case will be given a hearing in the near future.

Mid-Week Bible School To Open At Westfield Church

Plans have been completed for the fifth annual session of the mid-week Bible school which will be held each Thursday evening for six weeks beginning Thursday evening, June 13, at 8:15 in the Westfield Presbyterian church.

The school will open each evening with a devotional period from 8:15 until 8:30. From 8:30 to 9 o'clock there will be a study hour consisting of children's young people and adult group. The children's group will study the "Life of Jesus" under the supervision of Mrs. Ross M. Haverfield, Mrs. Goucher, Mrs. Howard Gilmore, Miss Frances Fullerton and Leah McAnlis.

The young people's group will study the subject "What Authority Does the Bible Claim to Have on Our Conduct?" Miss Margaret Duff will be in charge of this group.

The adult department will study "The Parables" Rev. Ross Haverfield will be the instructor of this group. At 9 o'clock there will be the general assembly hour at which a special speaker will give a talk. Dr. H. C. Weaver, pastor of the First Methodist church of this city, has been secured to make the address on Thursday evening of this week.

The slogan of the school will be "The Bible Our Only Text Book." In former years the enrollment has been about a hundred. The number is expected to exceed that this year. Churches of the community are invited to attend this school.

Plane-Auto Victims Leave Ohio Hospital

Mr. and Mrs. Thomas Huston of 203 South Mulberry street, Leonard R. Cooley of 937 Maryland avenue, and Miss Margaret Smith of Huron avenue, local residents who were more or less injured when the Huston car was wrecked Sunday evening on the Youngstown-New Castle road near the Bernard flying field when struck by the airplane operated by Mrs. John Fahline of Sharon, Pa., were all able to be removed to their homes here last night.

Mrs. Huston, Mr. Cooley and Miss Smith, the more severely injured, were brought home from St. Elizabeth's hospital, where they were taken following the accident. It was some time before they have fully recovered from their injuries. Mr. Huston escaped with very minor injuries and did not stay in the hospital.

City Officials Discuss Problems

Mayor William Gillespie, Councilmen Burns, Davies, Reeves and Tyler with city engineer Miller and solicitor White today gathered in private session and discussed the problems confronting the city.

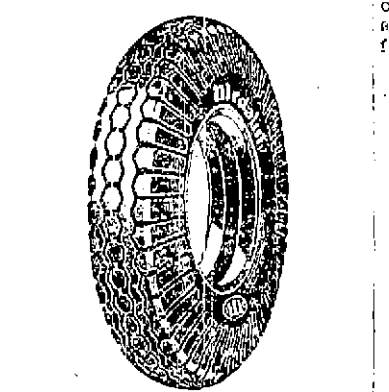

The various improvements which have been suggested and talked over for a year were considered during the morning. The conference is scheduled to continue throughout the day and out of the meeting may come a decision to prepare a five years improvement plan.

If council does decide on the program, the particular improvements with estimates of cost will be prepared and the citizens will be asked to vote favorably for a bond issue to pay for the project.

Cathedral Fund Campaign Teams Meet Thursday

New Castle Drive, Which Opens Monday, Will Be Discussed At Dinner

ORGANIZATION IS NOW READY FOR TASK

Final plans for the opening of the New Castle phase of the Cathedral Refinancing Campaign, which got under way this month, will be discussed at a dinner meeting of the various teams on Thursday evening, in the west banquet room of the Cathedral.

The team organization of 150 men is now complete and ready to start the big task of securing over \$500,000 locally, which is expected to be raised during the coming week.

According to William S. Hart of the General Organization Company, who is in charge of the campaign, he has never seen so much enthusiasm and cooperation shown by any group of men, and the team workers are confident of reaching the goal set for them.

The campaign, which is being waged entirely among the 645 Scottish Rite Masons, affiliated with the Valley of New Castle in Western Pennsylvania, is progressing satisfactorily, and while the reports are slow in coming in to date, most of the districts now at work are in the outlying sections.

A checkup of the candidates listed in the class recently issued into the order, shows that 61 different towns and cities were represented. These with the many other members present at the recent reunion, shows the good fortune that is New Castle's in possessing this splendid center of Masonic development.

Butler, which opened its campaign several days ago, will make its first report at a dinner meeting tomorrow.

New Brighton began its campaign last evening, while Beaver Falls will get started this evening, when forty men will begin the task of going after Beaver Falls' quota.

"Dime-Novel King" Called By Death

LANCASTER, Pa., June 11.—The passing of Royce Gross, Lancaster's picturesque "dime novel king," was mourned by the youth—and young in spirit—of Lancaster today as arrangements were made for his burial.

Gross spent the late years of his life in whimsical fashion, catering to the wants of children and taking special delight in gathering up dime novels that were popular with boys 25 years ago.

It was Gross' belief that modern boys liked wild west stories just as their fathers did and he rented the old books to his young customers for one cent each. His little shop was known far and wide among Lancaster county children.

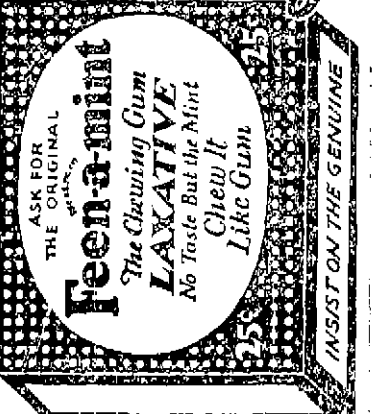

May Be Able To Hose Streets Soon

With warm weather here and dust flying and patrolling in thoroughfares it is probable that the head of the department of street may try hosing off the streets after midnight regularly during the summer. The streets on Sundays as a rule are not hosing due to paper and other matter being discarded by Saturday shoppers. An ordinance is in effect which prevents automobilists from parking between certain hours after midnight and if the streets are hosed it is anticipated police will be asked to enforce the ordinance.

Hundred Year Old Brandy Not Exempt From Law

NEW YORK, June 11.—A passenger who arrived here from Europe on the Albert Ballin is a soldier but also a man today. He brings a bottle of Spoleto brandy more than 100 years old with him, believing that as an antique the liquor would be exempt from the prohibition law. His belief was ill founded.

Gaston School To Have Reunion

Old Timers Will Gather On Wednesday At Gaston Park

Annual reunion of former members of the Gaston Sunday School started and taught for many years by the late John McKay and also of the Sheep hill public school, will be an event of Wednesday at Gaston Park. Indications are that it will be successful and better than any previous reunion, because of the yearly increase in interest in the annual affair.

As in former years, no invitations are issued, the matter of attending remaining entirely up to those interested and the growing attendance each year, shows that those who have the privilege of belonging are ever mindful of this occasion and plan ahead to be present.

Last year there were seven present, who had attended the first picnic fifty years ago including Sidney McKays one of the founder, who came all the way from Florida to be present. It is not limited to those who attended these schools, but their descendants are now taking an interest and attending and it is anticipated that an increasing group of descendants will be present.

State Bakers In Annual Session

International New Review: BEDFORD Pa., June 11.—The 21st annual convention of the Pennsylvania Bakers Association is being held here, with delegates present from all parts of the state.

Today's speakers include Oliver Smith and Richard Watson, advertising and market experts of New York, and George H. Grot.

Weingartner Will Speak In Ambridge

State Senator George T. Weingartner will address the members of the Forum Club of Ambridge at their fifty years ago including Sidney McKays one of the founder, who came all the way from Florida to be present. It is not limited to those who attended these schools, but their descendants are now taking an interest and attending and it is anticipated that an increasing group of descendants will be present.

Eastern Star Delegates At
Pittsburgh Number Over
2,500 Today

PITTSBURGH, June 11. — The Grand Chapter of Pennsylvania Order of Eastern Star opened its sessions here today with approximately 2,500 members and delegates here of expected from all parts of the state.

Memorial services and officers' reports were the principal events on the opening day program. Following the recitation by Mary A. Todd, Past Grand Matron, the opening ceremony was in the charge of grand officers. Addresses of welcome by Mrs. Jane M. Roberts, Worthy Grand Matron; Mrs. Sara Long, Worthy Matron; Oris Chapter No. 35 and Thomas Meany, Jr., Associate Grand Patron, called for responses by Mrs. Jessie K. Burt, Associate Grand Matron; Mrs. Alma L. Beyer, Past Grand Matron; and Mrs. Hope Winger, Grand Representative.

Memorial services were to close the afternoon session after further reading of reports and a musical program. A brief program is to be held at Syria Mosque tonight.

Sightseeing and a visit to the Order's home in West View will occupy the delegates' attention tomorrow, together with the afternoon business sessions. The day's feature is to be a banquet and ball in the evening.

The convention comes to a close Thursday with the election of officers and their installation at the final session in the evening.

MORE ABOUT WYOMING

Thermopolis, June 7.
Mr. George Conway,
Editor News:

I am in Thermopolis, but not the celebrated and ancient one in southern Europe, but the one situated in the upper part of the Big Horn basin in northwest Wyoming. A region as large as Massachusetts, surrounded by high mountains on every side. And celebrated for its immense hot mineral spring that issues from the earth at a temperature of 135 degrees in a volume of 18,600,000 gallons of health-

giving water every 24 hours—enough mineralized water to bathe 500,000 patients daily.

This wonderful spring was first claimed by the Indians and they gathered from near and far to take advantage of its health-giving waters. Washington, the famous and wise telephone chief, who always had enough sense not to quarrel with his white brother—and probably realizing that the white brother would take it away—sagaciously decided these wonderful hot springs to the state of Wyoming with the provision that one-fourth of their daily flow should be set aside forever for the pleasure and relief of the sick and needy without cost.

So accordingly the state conducts a very nice bathhouse where you can go and take a bath free of charge if you have your own towel, or with a nominal charge of 10 cents for towel furnished.

There are numerous other private places where you can get rooms and bath, with and without board, at a very reasonable figure, up to almost

Opportunities In Army Service

Recruits Can Learn Trade Or Secure Education Says Recruiter

There are a number of opportunities for young men, who would like to earn money, while traveling, also to get a good trade and education in the army at the present time, according to Corporal J. W. Thompson, in charge of the city hall recruiting station of the U. S. Army.

There are openings in the Infantry in California, in the infantry, cavalry and field artillery in Texas and in the medical corps at Carlisle Barracks, Pa.

In any one of these openings in the army, the young man joining now will have an opportunity of learning, traveling and at the same time getting paid for his services as a soldier for Uncle Sam.

Full particulars can be secured by seeing Corporal Thompson at the city building.

FEARED HEART WOULD CEASE; KONJOLA WINS

Lady Had Abandoned Hope Of Ever Being Free From Indigestion

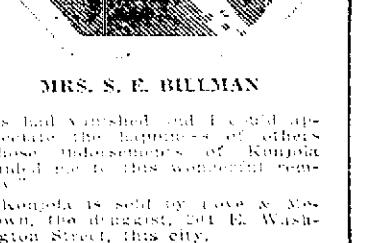

"I heard of Konjola in the nick of time," said Mrs. S. E. Bullman, 614 Union Street, Philadelphia, "for I had made up my mind that there was no hope for me. Indigestion was the bane of my life for years. I was forced after meals and caused heart palpitation so badly that I feared my heart would cease to beat. This condition prevailed for five years and I wasted away in strength, weight and general health. Konjola changed all this completely. My health has been fully restored. My appetite has returned, stomach strengthened and my entire system was renewed and rejuvenated. In three weeks all my

Any girl's popularity depends on lovely skin, say 39 leading directors

THE SOFT, enchanting perfection of lovely skin—how it does captivate people! Hollywood knows this so well.

"Exquisite smooth skin is woman's most compelling charm," says Malcolm St. Clair, famous Paramount director—and sums up what 39 foremost Hollywood directors have found out from their experience with motion pictures.

"The public will not have a screen star whose skin is not flawlessly beautiful," he continues. "Lovely skin appeals to them more than any other charm."

"The cleverest make-up cannot fake beautiful skin under the blazing lights of the close-up. It must be the real thing."

Especially now that the huge new incandescent "sun-spot" lights are used for

the close-up is it necessary for a screen star to have perfectly smooth skin.

That is why, of the 451 important actresses in Hollywood, including all stars, 442 use Lux Toilet Soap. And all the great film studios have made it the official soap in their dressing rooms.

Hollywood finds that this white fragrant soap keeps the skin at its very loveliest.

Here's Joy for Breakfast ...and Health Beside!

Waiting for you, for breakfast! A bowl of crispy, crunchy Heinz Rice Flakes. You sprinkle on a little sugar. Pour on a little cream... and start in! Oh—that flavor! Like butter-browned nut-meats. Isn't that the way to start the day right?

And to keep the day right, too! For Heinz Rice Flakes, if you eat them regularly, will keep you "regular". Due to a patented, Heinz process which transforms the natural roughage of the rice into a pure cellulose and thus gives Heinz Rice Flakes the healthful properties of a gentle, natural laxative.

It's great to really enjoy breakfast. And my, but it's fun to be healthy!

308th Ammunition Train Will Meet

Plans Will Be Furthered For Entertainment Of Members At Reunion Here

A meeting of the 308th Ammunition Train members in this city has been called by President Clarence Leslie of the organization for Wednesday evening at 8 o'clock in the Legion Home.

It is important that every member be present as at this time plans will be made for the entertainment of the members of the 308th Ammunition

train here on Saturday, November 9.

It is expected that between 700 and 800 former members of the outfit will be in attendance at the affair. Colonel Fitzgerald, now president of the Pittsburgh Railway company, will be present and take a prominent part in the proceedings.

HE LOST HIS CASE
A young lawyer had been retained by a farmer to prosecute a railroad for killing twenty-four hogs. He wanted to impress the jury with the magnitude of the injury.

"Twenty-four hogs, gentlemen," he said, "just think of it! Twenty-four—twice the number there are in the jury box."

To Close Novena At St. Joseph's
Special Services Which Have Been Conducted By The Pastor Since October To Conclude

This evening at 7:45 in St. Joseph's Catholic church, the last Tuesday evening service will terminate the special novena of prayer. Rev. Fr. Weisenberger, the pastor, who has been giving special sermons on vital and interesting topics since the first Tuesday of last October will preach this evening on "St. Anthony, the Man of God."

The memory of God's friends lasts from generation to generation. God loves his saints. They are our models in life. Our intercessors in Heaven. Saints are not worshipped, they are honored and their names held in benediction, just as the great heroes of history. They are revered only because they are friends of God.

The services held on Tuesday evenings have been well attended, even better than in previous years. Some have been coming from Youngstown and Sharon.

During the summer the Tuesday evening services will be continued by a few short hymns and prayers and benediction. Notice will be given as to the beginning of a new Novena and summons will be made in due time.

The Feast of St. Anthony, Thursday of this week will be celebrated by a high mass and benediction at 8 a. m. This will also mark the twenty-first anniversary of the pastor's entrance into the priesthood.

Underweight Dangerous For Women Who Work!
A woman who works in this modern age—whether it be in an office, shop or in her own home—needs plenty of firm, sturdy flesh on her frame, a big surplus of strength and energy if she's to retain her precious health.

Thousands of stinky, underweight women have been helped by the great flesh-adding, vitality-increasing power of McColly's Tablets—this superb tonic formula quickly puts on pounds of healthy flesh—and almost before you realize it, you'll feel glorious new strength and energy creeping into that frail, sickly body.

Your friends will marvel at your stunning appearance, a well developed figure, eyes as bright—complexion so clear. They'll wonder where on earth you got all that life and ambition—why you're never sick a day!

This guarantee protects you—take McColly's Tablets for 30 days and if you do not gain at least 5 pounds and at the same time gain in health and energy, McColly's of New Castle, Inc., McKee's Koi Luta Store or any drugist is authorized to return your money—60 tablets 60 cents. McColly's Laboratories, New York City, also distributors of McColly's Cod Liver Oil.

PITTSBURGH, June 11.—With arrival of Mrs. Alice Thaw Whitney, of Boston, all children of Mrs. Mary Copely Thaw, except Joseph Thaw, who is in France, were here today to attend the funeral tomorrow from the Third Presbyterian Church.

Private detectives today were guarding the Thaw family home from curious throngs. Men and women prominent in social and business life here called at the Thaw home today. Only members of the family and close friends are being permitted to view the remains of the noted feminine philanthropist.

Rev. Dr. W. L. Macwan will read the services.

OHIO BONUS IS FOR OLD CLAIMS

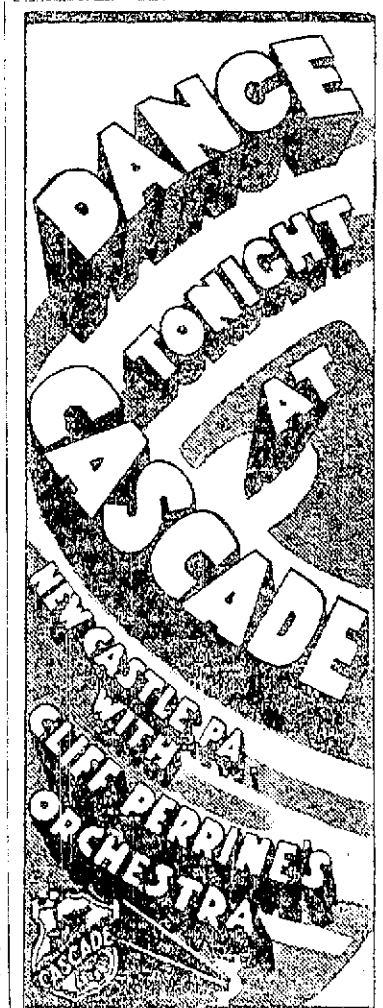

Does Not Mean That State Has
Authorized A Second
One

Considerable misunderstanding has arisen since the local Red Cross office first announced that the state of Ohio had declared another bonus for ex-service men. P. J. Dempsey states.

Some have received the impression that it was a new bonus altogether. It was not. The state has only authorized one bonus and those who have already received their due payment are not entitled to further payment. This bonus was allowed to pay old claims which have not been adjusted to date.

These new Reo Speed Wagons are powered by the 6-cylinder Reo Gold Crown Engine to meet the requirements of today's rapidly changing traffic conditions—an engine that accelerates and holds the pace in traffic set by the newest passenger cars.

Chrome nickel alloy cylinder block—the longest wearing cylinder material known today. New type low expansion, longest lasting aluminum pistons that not only permit closer fit and consequent greater power, but because of their amazing toughness, offer almost unbelievably longer life. 7-bearing crankshaft. Full pressure lubrication. High power at low engine speed.

Many other engineering features have been added that result not only in amazing power, flexibility, and economy, but have markedly deflected friction and vibration, the two largest foes of economy and long life. 4-wheel, 2-shoe, internal hydraulic brakes. Myers magazine chassis lubrication—built-in. Air cushioned seats. And full equipment. Nine wheelbase sizes—from 134 to 179 inches—in tonnage capacities of 1½, 2 and 3 tons. Priced from \$1,295 to \$2,200. F. O. B. Lansing, Michigan. Reo Motor Car Co., Lansing, Michigan.

Reo Junior and Tonner
Speed Wagons for ½ and
1-ton Service

The same remarkable flexibility, speed, economy of operation, long life, and value that distinguish the new Speed Wagons for the heavy duty field are also built into the Junior and Tonner Speed Wagons. Models ranging from 115 inch to 135 inch wheelbases. Chassis priced from \$745 to \$1,015. F. O. B. Lansing, Michigan. Reo Motor Car Co., Lansing, Michigan.

THE SIX-SIXTY

The enthusiastic loyalty of Six-Sixty owners is the important reason for the increase in Six-Sixty sales.

The good things they say about the car are persuading thousands to enjoy a demonstration.

And a demonstration usually leads to a sale, so impressively do these features affect performance:

Continental Red Seal Motor... quiet L-head... 4-bearing crankshaft... silent timing chain... Bohlnite invar steel strut pistons... forced feed lubrication... four-wheel Bendix brakes... long semi-elliptic springs... shock absorbers... perfect balance throughout... 109 inch wheelbase... quiet roomy bodies... modish upholstery... up-to-date lines and colors... chromium plating on all ornamental fittings.

Farrell To Operate Miniature Train By Use Of Human Voice

James A. Farrell, Selected To
Operate Electric Train
In Pittsburgh By
Voice

Will Sit In Office In New
York And Cause Train
To Move By Radio
Waves

(Specialized News Service)
PITTSBURGH, June 11.—Electric
ity will obey the verbal commands of
the human voice, transmitted by ra-
dio, for the first time here next Mon-
day, when a miniature electric train
will start at the order of James A.
Farrell, president of the United States
Steel Corporation, in New York City.

It will mark opening of the annual
convention of iron and steel electrical
engineers here.
Farrell's order, "Go ahead!" car-
ried from his office in New York by
telephone, will be transmitted through
radio station WCAS here, and picked
up by a receiving set in the conver-
sion hotel. The miniature train,
dubbed "Casey Jones" by its con-
structors, the General Electric Com-
pany at Schenectady, N. Y., will pick
up the command, through a specially
constructed receiver, and will obey.
Commands are carried through a
radio detector tube to a special selec-
tor, which determines the polarity of

the track. And it is upon this polar-
ity the direction of the tiny locomotive
depends.

"Back up, Casey," sends the engine
into reverse.
"Stop!" breaks the circuit.
Practical application may be made
shortly of the principle on which the
miniature train operates, according to en-
gineers of the General Electric Com-
pany.

Perelman Speaks At Lions' Frolic

Club Members Make Merry At
Original Meeting Today
At Noon

J. P. Perelman, merchant of this
city, recounted his trip and experi-
ences encountered while visiting the
Hawaiian Islands before one of the
most unique meetings of the Lions
Club of New Castle at the Elks Club
at noon today.

Everything was backwards at to-
day's session, even the meal. The dis-
tinguished King Lion, E. D. Marvin,
broke a tradition by sitting with other
Lions at the end of the table. Usually
the king occupies a center place
during the meeting. Some of the
club members went further and dared
to attend with their shirts, neckties
and coats reversed.

Perelman spoke after the king Lion
had thanked him for his splendid ad-
dress and for the excellent stories he
had told—this backwards, too.

With Mrs. Perelman and several
others the local merchant last March
sojourned to the western coast and
then to Honolulu, from which city
they visited places of interest. His
address was immensely enjoyed by the
Lions and the speaker thoroughly en-
joyed their original meeting, too.

Use About 50 Tons Of Ice Here Daily

Approximately 50 tons of ice are be-
ing used during the present warm
spell and when the torrid days of July
arrive the citizens will consume about
100 tons it was learned today from
the manager of a local ice manufac-
turing plant.

The Lawrence Ice company is op-
erating their smallest plant which has
a capacity of 75 tons. During the re-
cent warm spell the 150 ton plant was
started but when the warm spell eased
off it was not necessary to operate the
big plant.

Generally throughout the summer
the average consumption of ice is 75
tons a day.

Officer Chases Thief Fleeing With Stolen Car

Police were informed at 12:15 a. m.
today by Clarence McConnell that his
Ford Coupe had been stolen from
Superior street but a few minutes
previously.

Officer Robert Dukes was detail-
ed on the job and after picking up the
owner, they started to scour the East
Side district. They finally came upon
the stolen machine on Arlington ave-
nue at Williams street and gave
chase.

The driver of the stolen car drove
into Jackson avenue and when the
police car came up even with the
stolen machine the thief jumped out
and took to the underbrush and
woods.

Officer Dukes also gave chase on
foot and fired several shots after the
thief, who however managed to make
his getaway owing to the dense un-
derbrush. All this happened within
about 20 minutes after the car was
stolen.

of Allegheny college.

Speakers at the class day exercises
were: Salutatorian, Alice J. Hamp-
rey, Union City; Historian, Mary G.
Butler, Monessen; prophet, Bert Mc-
Gill, Meadville; ladder orator, Aubrey
M. Billings, Warren, O., and valedic-
torian, Robert B. Brown, Meadville.

The board of trustees met in annual
meeting at 10 o'clock this morning.
President A. W. Thompson of Phila-
delphia, presided. Arter and Calkins
halls, were open to inspection, and the
president's reception was held in
Cochran hall this evening.

Many Keeping Cool In Cascade Pool

With the warm spell easing into
existence the rush for cooler places
has begun and among the popular re-
sorts is the Glenn pool at Cascade
park one of the finest for swimming
in this section.

The crowds are also attracting
crowds. Boys however are advised not
to rush into the water too quick as it
is still cold and cramps are liable to
attack them. Young boys should not
swim where there is no lifeguard.

Will Start Plans For Scottish Rite Picnic

General Chairman C. Ed. Brown,
expects to have the committees in
charge of the annual Scottish Rite
picnic, to be held at Cascade Park
on July 31, at work on the project in
the near future.

The event this year will be bigger
and better than ever and a large at-
tendance of the membership is expected
to attend.

Will Install New Auxiliary Wednesday

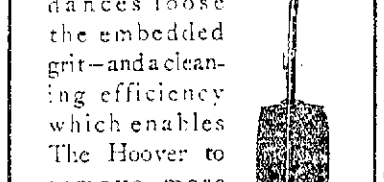

An auxiliary to the United Spanish
War Veterans will be installed at
Sharon, Wednesday evening at eight
o'clock in the Legion Home at that
place and quite a number of members
of the local auxiliary are planning to
be present.

Mrs. Bertha McKnight of Pitts-
burgh, will be the installing officer
and a pleasant time is anticipated by
those planning to attend.

Be Prepared Against Snakebite Says Appel

The woods are particularly appealing at this season of the year and the constantly increasing number of hikers and campers who are lured to them indicates that to many thousands nature still possesses an irresistible appeal. And while the marvelous attractions of the wooded sections and their health giving benefits are plain to all, a sense of precaution is needed while roaming in them. Dr. Theodore B. Appel, state secretary of health, today said: "While, generally speaking, the woods are kind to humans, and their denizens if left to themselves will harm no one, outstanding exceptions are rattlesnakes and copperheads. Even they will not likely harm unless provocation is presented. But provocation, so far as the snake is concerned, merely means intrusion. Therefore, it is advisable for all those walking in the woods at all times to wear high shoes and leggings. It is also quite sensible when climbing rocks to see where one places his hands. Ledges covered with brush or rock fragments are favorite spots for

the snake. Preparedness should involve the possession of a safety razor blade and anti-venom serum. If bitten, an incision approximately three-eighths of an inch deep between the two punctures should be made followed by sucking the wound. A tourniquet should be applied above the bite on the limb affected. The serum, especially in the case of rattlesnake bites, should be promptly administered under the skin. "It is quite true that casualties from poisonous snakes are limited in an entire season. And fatalities from this cause are even more scarce. Therefore, one's pleasure in the woods should not in the least be affected or influenced by the idea of a possible snake bite. However, that is no reason for not being properly equipped against the eventuality. For if the need for treatment arises it is an immediate one. "Don't take that one chance in a thousand where rattlers and copperheads are concerned. Be prepared both in dress and remedial equipment to meet even such a remote possibility."

TWO ACCIDENTS AT LIMESTONE QUARRY SUNDAY

At Union quarry Sunday Frank Loudon was climbing a ladder on a steam shovel, when one of the steps became loose and tipped, throwing

him several feet to the ground, cutting a large gash in his head. At the time of the accident Mr. Loudon was carrying a heavy piece of machinery, which fell on his foot, mashing it badly, which will make it necessary to have two toes amputated. However, an X-ray picture will be taken to determine the injury to the foot.

Another accident was that befell Joe Cherestelle, who while working with another employee at the Lake Erie quarry, had the misfortune to let a large piece of machinery slip, hitting him on the chest and shoulder.

Turpin's Election May Be Contested

Non-Partisan League Of Luzerne County Starts Controversy Over Election

(International News Service) WILKES-BARRE, Pa., June 11.—Charging "gross fraud and irregularities" in connection with the election of C. Murray Turpin as Luzerne county congressman, the Non-Partisan League of Luzerne county today launched what is believed to forecast a determined contest against the victorious candidate.

The hot battle between Turpin and Mrs. John Casey was to determine the successor of the latter's husband, John Casey, Democratic representative in congress, who died recently in Panama.

Election night was marked by disorders, following which ballots in the 13th ward disappeared. The ballots did not again turn up and the return sheets were accepted as official.

Besides this, Non-Partisan league officials say they have evidence of other irregularities in the election.

Ohio Man Held As Embezzler

Marion County, Ohio, Embezzler Arrested In Syracuse, New York

(International News Service) SYRACUSE, N. Y., June 11.—Charles Emerson Smith, former Marion county, Ohio, recorder, was to be taken back to Marion to answer charges of embezzlement.

He disappeared from Marion on the day of his wedding to a socially prominent young woman, and shortly after he was reported missing, county officials discovered that \$2,900 was gone.

Sheriff John J. Ford of Marion county traced him to Syracuse and local police were notified Sunday.

After being booked for the embezzlement charge, Smith was lodged in a cell to await the arrival of Ohio authorities. He refused to comment on his fate.

Democrats Okay Summer Recess

Democratic Party In Senate Monday Approves Summer Recess Plan

(International News Service) WASHINGTON, June 11.—The administration's program to send congress home on a summer vacation was approved Monday by the Democratic party in the senate although the minority decided to oppose the fixing of a definite date for enactment of the new Republican tariff bill next fall.

Democrats agreed to enact the farm and tariff bills and to dispose of President Hoover's request for repeal of national origins immigration act at the present session. Their attitude, however, in opposing a date for enacting the tariff may bring a curtailment of the administration's original program for an all-summer recess.

United States To Co-operate In New Reparations Plan

(International News Service) WASHINGTON, June 11.—The American government considers the reparations settlement "a great step forward" toward world economic and political stability, and will sympathetically cooperate to promote its success, so far as that is possible. This informal statement of the American position was authorized by the state department Monday. Officials pointed out there is nothing in the agreement which commits this government to anything, or did Owen D. Young, the American expert, commit the United States to any change in policy.

Postal Telegraph Adopts Pension Plan

NEW YORK, June 11.—An initial fund of \$5,000,000 has been set aside by the directors of the Postal Telegraph Cable Company for administration of a new pension and benefit plan, involving about 20,000 employees, to go into effect July 1st. The plan is designed after that of the International Telephone and Telegraph Corp., with which the Postal is affiliated. Under the new plan employees of Postal may be retired after they have reached the age of 60, while women employees may be pensioned any time after they are 55. On their own request male employees may be pensioned after they become 65 years old and women employees after they are 60.

State Wheat Crop Shows Increase

(International News Service) HARRISBURG, Pa., June 11.—With wheat prices holding at unusually low levels at present the Pennsylvania 433,000, an increase of more than three million bushels over 1928, by the Federal State Crop Reporting Service, estimates are made on the basis of reports received June 1. The forecast for other crops with the exception of fruit where said to be normal. Fruits were damaged by early may frosts, but the exact damage that will result has not been estimated.

County Boy Scouts Have Camporee Meet

Over 150 Scouts From Entire County In Big Meet At Camp Phillips

Annual Camporee Meet Will Last Two Days—Wednesday And Thursday

More than 150 Boy Scouts of New Castle, Delaware and other sections of the county will participate in the big camporee which will take place Wednesday and Thursday at Camp Phillips, states J. Lee Calahan, chief scout executive.

There are 16 patrols from various parts of the county entered. These include the cross campers and scouts of each troop and will compete for county honors as to which is the best. The winning patrol will compete in the sectional meet which will occur in Butler later in the month.

The boys are to meet at what is known as the Cross Roads just below the official camp at 4 o'clock daylight Wednesday night. Wednesday evening. Here the first inspection will be made. Troops will camp.

The troops will proceed into camp and here they will spend the night, cooking, setting up tents, doing general camp work and finally to bed.

On Thursday there will be additional contests and the troops will be given a project which will take the major part of the day to complete. This project includes some phase of scouting such as making a scale map of the entire camp. The troops have

no preparation before the announcement of the project.

This camporee is an annual affair in scoutdom here and it is always attended by a large number of scouts who are not entered in patrols, scout leaders of the county and parents and friends. It is thought that several hundred will be present Wednesday evening.

Troops of the county which have entered patrols of scouts in the meet are Rotary 1, two patrols, First Christian, First Presbyterian, Highland 13, St. Paul 21, Kiwanis 37, New Bedford 1, Elks 3, Shelby 7, Kiwanis 11, Elwood Rotary, Epworth 10, Lions 12 and Spring Park 1.

Points will be awarded at personal, campfire, scoutcraft and project inspections. Judges will be scout men from Old City, Butler and Sharon.

Injures Leg While Playing Baseball

Clarence Jarrett, of South Ray Street was painfully injured last evening while playing catch with his brother near his home. In chasing after a ball, he tripped over an iron peg, which tore a deep gash in his leg. He will be confined to his home for a few days as a result.

ANNOYING CATARRH QUICKLY REMEDIED

If you are bothered with annoying mucus in the nose and throat, accompanied by a full feeling in the face and head, it indicates acute catarrh. Mouth breathing, foul breath, hacking and spitting mark the catarrh sufferer.

Unless quickly checked, acute catarrh will develop into chronic catarrh, affecting the nose, throat and ears.

Profuse loss of mucus impoverishes the blood, and weakens the system, which leads to serious results.

DR. HOYT'S PRESCRIPTION NO. 15 is a pleasant and safe remedy for acute or chronic catarrh. Your money back if it fails to relieve. Buy it at your druggist's. DR. HOYT'S ATOMIZER OIL is a valuable aid in treatment.

3 Ex-Grand Dragons Now In Prison Cells

INDIANAPOLIS, June 11.—Three former grand dragons of the Indiana Ku Klux Klan, once one of the strongest Klan bodies in this country, now are serving time in penal institutions.

D. C. Stephenson was the first ex-dragon to lose his liberty. He is serving a life sentence in the Indiana State Prison for the murder of an Indianapolis young woman.

Behind the bars of the Federal Prison at Leavenworth, Kan., are two erstwhile heads of the Hoosier Klan. They are W. Lee Smith and Joseph Huffington, both convicted on charges of transporting of stolen automobiles.

CONTAGIOUS ILLS.
Four cases of new contagion today were reported by attending physicians to Dr. William L. Sweeney, city health officer. The cases are not confined to any one section. The patients follow:

Years In South Seas; Radio, Talkies Amaze

OAKLAND, Cal. June 11.—Robert Dean Frisbie, author, ex-journalist, adventurer, is again aboard his 185-ton schooner Tagua, South Sea islands bound.

Less than a month ago the Tagua, battered and ragged after a harrowing voyage of 135 days from the south seas, gratefully berthed in Oakland harbor. Aboard where the nation's two other men.

It was Frisbie's first visit to civil life in nine years. For five years he lived on a 500 acre atoll, for three years of those years without a white man for company.

For nine years Frisbie had not been in a city. Amusing to him were the radio, the modern automobile and the talkie.

He has received thousands of letters asking a berth aboard the Tagua on the return trip. But when the vessel sails the crew will be the original one.

All crossword-puzzle fans will probably be highly pleased to learn that their old favorite, the enigma, is on the free list in the new tariff bill.

TODAY IS LAST DAY OF SCHOOL

Students To Report At Various Schools For Report Cards At 2:30 Today

ELLWOOD CITY, June 11.—Today is the last day of school for the season. Yesterday was dress-up day, as the students, many of them changed into their "Sunday clothes" at noon so as to be suitably dressed for the last day classes.

There are no classes scheduled for today, the students being asked to report at 2:30 to get the good or bad news contained in the report cards, the little cards which have so much meaning in the lives of school students.

School Board To Meet On Thursday

Date Of School Board Meeting Changed On Account Of Commencement Tonight

ELLWOOD CITY, June 11.—The monthly meeting of the Board of Education takes place Thursday evening for the June meeting instead of the usual second Tuesday of the month, on account of the date conflicting with the high school commencement exercises.

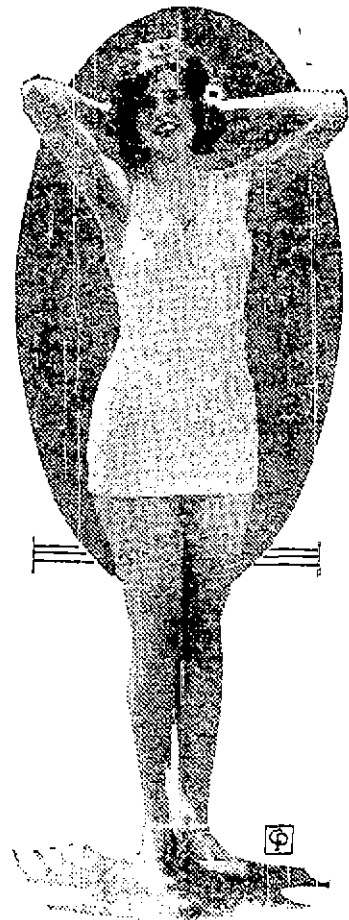

It is expected that members of the building committee will suggest school repairs for the year, and routine business will be discussed.

Classes Hear Of Western Tour

ELLWOOD CITY, June 11.—Members of the Brotherhood Bible class and Queen Esther class enjoyed a joint-meeting Monday evening in the Trinity Lutheran church.

The speaker was Henry Swintberg, who, with his family and the Charles Blank family, toured the western coast last summer. The party left in May and the Swintbergs returned at Christmas time, the Blanks remaining awhile longer. He told of the wonderful scenery and gave interesting accounts of the experiences of transcontinental travel.

Class Night Is Most Successful

One Of The Features Of The Program Is Effective Setting For Class Prophecy

ELLWOOD CITY, June 11.—Class night for the Ellwood City high school took place Monday evening in the gymnasium of the Lincoln school and attracted almost 1,000 relatives and friends of the graduating class.

A delightful program was presented and all the numbers showed that careful thought had been expended upon them. A feature of the program however was the presentation of the class prophecy by Miss Pauline Schweiger, Miss Katherine Kook, Miss Esther Richards and Miss Beatrice Sherman who attired as gypsies grouped about a crystal and told of the wonderful things that will happen to members of the class. The lights were dimmed all over the gym making an effective setting.

The program opened with the class song sung by members of the senior class. Then Walter Veon, senior class president, gave the address of welcome. Dallas Veon and Frank Humphrey contributed a fine saxophone duet; Miss Jean Helling composed and read the class poem which forgot no one in the class and was very well done. The class will be read by Miss Irma Irwin and was of humorous content, providing much amusement for all present. Class members were Arthur Keller and Miss Eva Perillo.

Marion McCandless gave a clever monologue depicting high school days. Miss Katherine Gross and Miss Katherine Koch contributed a pretty piano duet number and the last formality on the program was the presentation of the class key by Walter Veon to John Pastor, president of the junior class with the hope that the juniors would keep it nice and shiny to pass on in their turn next year. The program concluded with another class song by the seniors.

Man Charged With Assault Claims He Did Not Know Girl

Alexander Pavlin, charged with attacking Josephine Leuchenko, of Ellwood City, was placed on trial before Judge Hildebrand in county court this morning. Miss Leuchenko, who is about eighteen years of age, claimed that she got into Pavlin's auto near Dadack's store in Ellwood City, and that they went for a drive. They stopped on a road near the Slippery Rock church.

Pavlin denied the charge. He claimed that he never had Miss Leuchenko in an automobile, and that he did not even know her. Pavlin has been married since the alleged assault. Owing to the absence of a material witness for the defense, Judge Hildebrand excused the jury until this afternoon, when the case will again be taken up.

Miss Mary Eckert Dies This Morning

ELLWOOD CITY, June 11.—Miss Mary Eckert, of Pittsburgh, who has been visiting for the past two months at the home of her sister Mrs. E. M. Lamb of Crescent avenue, died at the Doctor's home this morning at 8 o'clock after a brief illness. Funeral service arrangements are incomplete. The interment will be made at the Mt. Why Suicide?

Answer: Trying To Keep Up With Jones

Some favorite suicide spots.

By ROY J. GIBBONS,
Central Press Staff Writer

CHICAGO, June 11.—Trying to keep up with the Jones—dress suits and empty pockets, whoopee parties on Saturday night and winners for the two rest of the week—is the answer, in part, at least, to the rapidly increasing suicide rate in America.

A new closed car because the af-

sociation, and a nationally known medical figure.

Mental Stability Lacking

Lack of mental stability, of course, is responsible for most suicides. Dr. Burdensen declared "Mental depression following hard on the exhaustion of high living always makes the picture blacker than it really is for the person who contemplates death by his own hand as the way out."

"There is always a lane out of the labyrinth of trouble, but the suicide doesn't want to find it. His state of mind might be compared to that of the way blind child. He is unable to orient himself."

And "he" is particularly in point three times as many men as women commit suicide in Chicago. Dr. Burdensen's figures show. And there as many married people destroyed themselves last year as old single persons.

The suicide rate in Chicago may be considered as a typical cross-section for the country, since the finding reveals striking confirmation of the analysis made by the social service department of Yale university which tabulated 1,000 cases.

Men in Majority

"Out of approximately 3,500,000 people in Cook county, 652 persons committed suicide in 1928," Dr. Burdensen declared, "for one out of every 1,268 persons."

"Of these, 474 were male and 148 female—334 were married, 155 single, 55 widowers, 25 widows and 36 divorced."

Temporary insanity was the cause assigned to 343 cases, responsibility in 252, and the cause in 57 cases was not ascertained.

"One hundred and seventy-two persons chose asphyxiation as the best way out, 134 shooting, 126 poisoning, 110 hanging, 35 cutting, 20 drowning, 34 jumping from windows and others by miscellaneous methods."

These figures, Dr. Burdensen declared, do not mean that marriage causes suicide.

"I do not believe that to be the fact," he said. "The highest suicide rate is between 30 and 50 years and, naturally, it would be many times higher between married men than single because nine-tenths of the men of that age are married. To get a true classification, one would have to consider the proportion of married men to single as well as the ratio of suicides."

High Living Responsible

"The merry-go-round of modern life, the coroner admitted, has had a noticeable effect on the number of suicides."

Keeping up with the Joneses!

Dinner-dances and gay cabarets, "wealthy water" on lake water purses, putting on the "dog" and living from hand to mouth! The imitator can read the tale as he runs.

With slight variations the figures may be considered applicable to the entire nation. According to the Yale analysis, most suicides occur between the ages of 30 and 40; shooting is the favorite method, then poisoning.

Dependability is the chief cause. And trying to keep up with the Joneses and the Smiths, and all the others who set the village and neighborhood pace.

MORAVIA STOP

Mr. and Mrs. Reid Smith and family returned to Piquette Sunday evening and spent the week end with relatives at that place.

Mr. and Mrs. Chester Buego, Mr. Hubert Dunham and Mrs. L. J. Mire went to Canonsburg Sunday and spent the day with friends. All enjoyed the day with friends. All enjoyed the day with friends.

Rev. Dorcas Walker and wife were entertained at the home of Mrs. Mary Sunday.

A number of people from Moravia went to Ellwood Sunday evening and attended the opening of a series of evangelistic meetings at the "Bright Spot" Mission.

All regular services were held at the Harmony Baptist church Sunday with Rev. Walker in charge. On next Sunday instead of the eleven o'clock service a children's service will be held. The children have been preparing for this service for some time.

Rev. Walker is a guest in the home of Everett Young.

Mrs. Elizabeth Yeager and son, Walter and Virginia Lane of New Castle visited at the J. A. Long home here Sunday.

Boys Take Lessons In Y. M. C. A. Pool

Nope, it wasn't the old swimming hole but something just as good.

And if you don't believe it, you should have seen the 200 lads who plunged into the Y pool Monday afternoon. They were the lads who signed up for the free swimming lessons which the Y is giving in order that every boy may know how to swim.

Henry MacNicholas, acting physical director, and amphibian extraordinaire, was assisted by raters John Kraft, Jack Herbert, Emmett Gillaspie and Herman Noz.

The lads are divided into groups of 25 boys each and every division gets one half hour each afternoon with these competent swimmers and life guards in charge.

The classes will continue for 10 days yet and each day the lads will get one half hour in the water with personal instruction as to just how swimming is really done.

A call was sent out through The News some days ago and these 200 boys responded to the free offer. Needless to add, they seem to be enjoying it.

Credit Blanks Are Being Mailed Now

Blanks pertaining to the national credit survey which is being conducted by the United States Department of Commerce are being mailed out of the local credit exchange office by Ray P. Hall, manager, at the present time.

These blanks were mailed direct from government headquarters some time ago but there are a lot of local merchants who have not responded.

Mr. Hall was designated by the department to aid in the securing of this data for the survey and he is asking that the merchants cooperate with him in this matter.

The survey is being done in an effort to determine credit conditions throughout the entire nation, and according to word received by Hall, a large number of the local merchants have failed to respond.

Detroit Youth Is Severely Wounded By Federal Agent

Youth Fishing In Rouge River With Companions Is Shot In Abdomen

DETROIT, June 11.—Archibald Eugster, 21, who claimed he was fishing with three companions when Federal agents opened fire on him, was believed to be near death in a hospital here today from a bullet wound in his abdomen.

The shooting followed on the heels of plans made here yesterday at a conference of national and local prohibition chiefs for the biggest dry campaign in the Detroit area in the history of prohibition enforcement.

Eugster was brought to the hospital in a serious condition by federal agent (John) Cox, who according to police, fired the shot.

According to Eugster's companion, Ray Malich, 21, and Joseph Lakas, 20, they were in a rowboat near the mouth of the river Rouge when several shots were fired from another boat close by. The youths said they landed and as they climbed to shore, a man wearing a uniform such as that worn by federal agents shot at them. Eugster dropped with a bullet in his abdomen.

Hospital physicians held little hope for Eugster's recovery. Cox, according to police, was guarding a sunken liquor boat in the hopes of capturing rum runners whom it was believed would attempt to pick up the liquor.

BELL LOST HUGE FORTUNE; SHOWN AT TAX HEARING

(International News Service) PITTSBURGH, June 11.—John A. Bell, bankrupt coal operator and banker, suffered heavy financial losses in 1923 and 1924, years for which the government seeks to recover \$247,455 in income taxes from the Bell estate, according to testimony in a hearing on the government suit here today.

The testimony concerned alleged disappearance of approximately \$4,000,000 in assets of the Carnegie Coal company, which Bell operated as principal stockholder during 1923 and 1924.

Women Of England May Select Premier

(International News Service) LONDON, June 11.—The prediction that the political situation in Great Britain will never be satisfactory until a woman is elected to the office of prime minister—the highest in the land—has been made here by Sir Ian Hamilton.

Cold Winter Boosts English Death Rate

LONDON, June 11.—The largest death rate since 1919 and the second largest in the twentieth century in England has been reported for the first three months of 1920.

The rate was 21 deaths per thousand for the three months. In the first three months of 1919, when the influenza epidemic was at its worst in England, the rate was only 21.3 per thousand.

The large death rate this year was attributed chiefly to the great number of respiratory and circulatory diseases caused by a very cold winter.

ROCCO LOSES TO VON PORAT IN EIGHTH

Left Hook In Seventh Round Defeats Rocco

Floored In First Rocco Comes Back Strong And Makes Life Miserable For Norwegian Until Seventh When Von Porat Drops Rocco With Left Hook; Rocco Unable To Answer Bell In Eighth.

(International News Service)
CHICAGO, June 11.—Otto Von Porat, Irish Norwegian, remained a heavyweight champion today, but by the closest of margins, after a bout in which he had no end of trouble in connecting for a knock-out over Emmett Rocco, belty Ellywood City, Pa. Italian.

Von Porat actually dropped a terrific left hook at Rocco's chin in the seventh round of what was to have been a ten round go. The bell saved Rocco but he was in no shape or mood to report for the eighth round and his seconds tossed the towel in surrender.

The match featured a show witnessed by 12,000 in Chicago Stadium. Makes Good Showing.

The lean Norwegian was bewildered for six rounds by Rocco's peculiar bobbing and bending tactics. Otto stopped the boxing and Rocco near round, stretching the stocky Easterner on the canvas with a thud. His seconds carried him to his corner and worked over him feverishly, but he was still in a daze when the bell banged for the eighth bout.

The Pennsylvania boy put up a surprise showing. He first round showed signs of stage fright, missing light lefts and rights, but from there out he put up a stiff battle.

In the second Rocco came to life and began making life miserable for the Norwegian. He cut loose with a sweeping right that massaged Von Porat's chin and bounced him time and again into the ropes.

Grogan Disqualified.

From then on he bore in at close quarters, forcing Von Porat back with heavy swinging punches.

Tommy Grogan, Omaha lightweight, was disqualified for feinting in the seventh round of the semi-windup with Luis Vicentini of Chile. Grogan had been warned repeatedly for feinting low.

Earl Mastro, flashy featherweight, and a vesper over "Biddy Mike" O'Donnell of Columbus, O., in ten rounds. Mastro's flashing finish left Mike with a closed eye and a cut and puffed right ear.

Carl Cavelli, local flyweight, lost in ten rounds to Willie Davies at Wheeling, W. Va., last night. Davies took seven rounds. The remaining three were even. While this fight was going on, Tony Herrera, Chicago, lost on a foul to Phil Goldstein in three rounds at Pittsburgh and Otto Von Porat won from Emmett Rocco in the eighth round on a technical knockout.

Fritz Otto Trains For Leo Clemens

Heavyweights To Feature In Semi-Final At Bowl Monday Night

CANGEY HOPES TO WIN OVER FERRO

Fritz Otto, claimant of the army championship of Germany and who hopes to emulate Max Schmeling, will appear for the first time in a local ring when he tackles Leo Clemens, formerly of Jeannette, Pa., in the six-round semi-final to the Paris Cangey-Franke Ferro ten-round bout Monday night at the Jolly bowl.

Otto claims to have fought 49 times in Germany. He captured many regimental bouts and then stepped higher in his list of professional wins. What Otto claims were termed community fights.

Reading of the success of Schmeling in the United States he boarded a liner and arrived at the home of a sister in Ecuador then he to Jimmie Dime for points on how the American train and fight.

Tore Into Fucite.

As a tester Jimmie took the big German to Erie to box Tony Pucite, once a protégé of Jacques Dempsey, the man of punch. Fucite, a smart, experienced hard puncher, didn't knock out Otto.

In the first round Otto landed on Pucite, drove him across the ring and it looked like curtains for the Mexican. Fucite came back strong in the second.

While they were tossing punches in the third the Mexican's head butted Otto and the blood poured torrentially from his face. The referee stopped the fight because no one could stop the red.

Otto, who stands six feet one and tips the beam at 201 pounds, is a terrific puncher and game to the backbone, according to Dime. He moved fast and Otto is now being taught the U. S. way of ringcraft.

Clemens has been boxing for a year. Like Otto he stands six feet one inch and weighs 190 pounds and during the past week or more has been training with Emmett Rocco, stopped by Otto Von Porat last night.

There ought to be plenty of zip and punch in the bout. All of the German-Americans in western Pennsylvania will probably be at the bowl to see the Rhineland clash.

Jewinies vs King.

"Paris Cangey is looking good," said Jimmie Dime last night. "The boy can hit like a mule and I expect him to put up a good fight with Ferro, who fought Herrera here."

Cangey generally wins or loses. He doesn't fight any draws. His punch has toppled many more experienced foes than he and recently he has been going good in the vicinity of New York.

After Ferro had put up a spectacular, though losing bout with Herrera, promoter Bill Jolly had Dime send to New York for Cangey. Cangey is back home ready to fight in his own backyard.

George Rohanna will meet Bobby Green, a clownish but tough fighter from Akron. Joe Midway will battle K. O. Husko and the two rivals, Johnny Jennings and Jackie King will open the fist show Monday night.

Cooper Smashes Oakmont Record

Buffalo, N. Y., Golfer Breaks Course Record At Oakmont In Qualifying

(International News Service)
PITTSBURGH, June 11.—Light "Horse Harry" Cooper, of Buffalo, today held a new course record for Oakmont, in qualifying with a marvel 68 in the Pittsburgh zone for the National Open Golf meet at Mamaronock, July 27 to 29.

Pittsburgh placed six of the 12 finalists here.

George Christ, Rochester, N. Y., and Eugene Larkin, Chevy Chase, Md., were co-runners-up, with cards of 71 for the 36 hole play. The others to place were Vincent Eldred, Pittsburgh; F. Baroni, Pittsburgh; Emmet French, South Pines; P. O. Hart, Wheeling; George Underwood, Alcoma; W. R. Dickson, Northumberland; Freddie McLeod, Chevy Chase; Ernest Jacobs, Castle Shannon; H. C. Fowkes, 11, Oakmont, and Pete O'Hara, Westmoreland.

Famous Racers To Vie At Altoona In Race On Saturday

Woodbury, Meyer And Litz Will Try To Wrest Honors From Ray Keech

ALTOONA, June 11.—Cliff Woodbury, Louis Meyer and "Deacon" Litz will bid for laurels in the 200-mile International Race at the Altoona bowl next Saturday. It was announced at the Altoona Speedway offices yesterday. These entries, coming just before deadline, were received by wire.

With Woodbury, Meyer and Litz in the fold, the hopes of some of the younger drivers expecting to be with the 16 who start the nerve-racking test will, in all probability, wane just a little. Woodbury, spectacular and always there at pay off time, is expected to give the boys a real chase in the qualifying trials which will open early next week. Dury's lap record of 138 miles per hour should give plenty of sneering at the hands of Cliff and his Boyle Valve Special.

Woodbury's daring kept him going in the Indianapolis event Memorial Day and should help him finish in the coin here. He was a victim of a tough break at the Hoosier city when his car crashed the rail while he was making his fifth lap. Fortunately enough to come out uninjured, although his car was badly wrecked. Woodbury walked to the pits and took the wheel of the mount handled by Billy Arnold, one of his team mates.

Over Hundred Are Qualifiers Monday For Golf Tourney

(International News Service)
NEW YORK, June 11.—One hundred and fifteen golfers, who yesterday qualified for the national open in district tests held throughout the country, today are planning an early assault upon the winged foot links at Mamaronock, N. Y., to get in some intensive practice for the big event which starts on June 27. Thirty-five others, who did not need to qualify because of exemptions, also are contemplating an early departure for the scene of battle.

Several outstanding stars in the list of more than 800 candidates failed to qualify. Those who fell by the wayside included Jess Sweetser, Watts Gunn, Cyril Walker, Jess Gullford, Chick Evans and Mike Brady, pro of the Winged Foot Club, who will be only a spectator when the other stars test their skill on the difficult course he knows so well. A stiff wind ruined Brady in the New York Competition.

Course records were broken and par was beaten to a pulp during the qualifying tests.

Visiting strangers in Portland, Ore., are usually driven down a street by patriotic Portlanders and told in proud tones: "See that house? Right there, right there in that house lives Fielder Jones!"

Milk Fund Show May Be Included In Million Gates

Believe Schmeling And Paulino Will Strut Stuff Before Million Dollar House

By DAVIS J. WALSH
Special Writer International News Service
NEW YORK, June 11.—If you tried to tell anyone two years ago that the time would come when a German and a Spaniard would fight before a million dollars' worth of witnesses in an American city, he would have remonstrated with you to a mild, gentle way about remaining out in the sea, too long. I personally am acquainted with a lot of Germans and Spaniards who could fight from now until next Thursday a week and the event would remain strictly confidential for years and years. It must be that a lot depends on the German and the Spaniard in question.

Anyhow, the milk fund show, featuring Schmeling and Paulino, is all of sixteen days away this morning, yet the betting is "six, two and even" that the enterprise will run into a million dollars. If it does, it will be the only fight in all history to draw a million or better with two men. Neither of whom is named Dempsey. Dempsey has been most prominently identified with every million-dollar fight we have had. He drew slightly over a million with Sharkey more than \$1,200,000 with Phipps, some \$1,600,000 with Carpenter, \$1,800,000 with Tunney in their first fight and about \$2,800,000 in their second. Dempsey, in brief, was the only million-dollar man of the fight racket. He was—but if present indications are not misleading, he won't be.

Columbia's Best Athlete

OF BROOKLYN VETERAN OF TWO RINGKEEPERS

SEAGATTS, WHO WILL AGAIN BE PULLING AN OAR FOR THE LIONS WHEN THE BOATS LINE UP FOR THE CLASSIC ON JUNE 24TH.

Not so long ago Horace Davenport, of Brooklyn, N. Y., was voted the best athlete at Columbia University in a survey conducted among seniors by the Columbian, the university gazette.

Having served three years on the varsity eleven, Davenport is now with Columbia's famous blue and white crew. He is the captain of young Dick Glendon's husky paddlers and, if early victories over the river courses count for anything, this is the crew that will have to be beaten at the Poughkeepsie regatta late in the afternoon of June 24.

Rowing is one of the toughest of modern sports. It is not sport for a weakling. As old Jim Rice once said, "It's the hardest game in the world but, for a man who likes to sit down to his work, you can't beat it."

Young Davenport has everything that a good oarsman should have. He has prodigious strength, the ability to utilize it, and is agile. Moreover, he like the other Columbians, is willing to go through months of hard training, even before the ice disappears out of the Hudson and Harlem Rivers and the first shell is eased into the water in the Spring.

Glendon, youthful rowing coach at Columbia, is a firm believer in conditioning his oar handlers. As early as January, Dick had his crew men putting on the indoor rowing machines three hours each day. This was followed by a three-mile jaunt. By early March, the boys were in condition to row five, six and sometimes nine miles each afternoon on one of the two rivers that flank Manhattan Island, under all sorts of weather conditions. And the weather this Spring was nothing to return thanks for!

But Davenport, McGinn and Glendon's other husky oarsmen stood the gaff. They smashed into the opening of the season with enough power to gain victories over capable rivals. So it would not be surprising to see them victorious in the Poughkeepsie classic.

And that would be a fitting finish for the college career of Horace Davenport, Columbia's best athlete.

Radiator Old-Timers Will Tackle Stars In Game Wednesday

National Radiator Office And Foremen Will Play Colored Stars Wednesday

Shades of Evers to Tinker to Chance will be re-enacted at the National Radiator field Wednesday night at six o'clock when the Radiator Office Men and Shop Foremen will play the Colored Stars. The challenge went out and the Stars accepted. A good game is expected.

Many of the office men are old-time ball players. Brundage and Bolinger are sure to be in the line-up.

Ed. Brundage has submitted his line-up for the game and also H. Bradley has announced his roster. Many of the office force have not played ball in years and the game is bound to be fast. A fresh supply of ointment has been ordered by the old-timers.

The line-ups for the game will appear like this:

Office Men

R. McNickle, catch.

R. W. Bolinger, first.

H. Banks, second.

K. Poland, third.

J. Fulkerson, left.

C. Mack, center.

M. Steele, right.

Brundage, pitch or short.

Merle Mitchell, pitch or short.

Colored Stars

O. Bradley, catch.

Brown, first.

H. Sturdivant, second.

Gray, third.

Paige, left.

Marshall, center.

Pennell or E. Sturdivant, right.

Lewis or Edmonson, pitch.

H. Bradley, short.

J. E. Colbert, coach; C. C. Cover, umpire; L. Mack, R. Caruthers and J. Pettit, the necessary assistants; George Bruckner, water boy, and T. Hamilton, mascot.

Croton Defeats First Baptists

The Croton M. E. team shoved the First Baptist team further into the confines of the cellar in the New Castle church league last night at the Croton field by taking a 6 to 2 verdict. Ross on the hill for Croton held the losers to four hits and fanned ten men.

Croton got to Smith in the first inning for an all of runs and scored three more in the fourth. Johns, Seward and Davis had two-base hits. The game was loosely played with nine errors being chalked up.

The summary:

Pennsy Team Will Meet Wampumites

Tonight at 6:15 o'clock at the E. & A. field in the Seventh Ward, the Pennsy Railroad team, leaders of the Lawrence County League, will meet the Wampum team in a league battle. The two teams are bitter rivals and a good game is expected.

The P. R. R. team has not yet been defeated in league competition. The last time the Pennsy and Wampum teams met at Wampum, the game ended in a 4-4 tie.

On Friday night the Italians will play the Pennsy team at Centennial field. The game will start at 6:15 o'clock. The game was scheduled for Saturday, but was changed on account of the fact that several of the Italian players and Pennsy team will attend the potter's picnic at Ocassee Park.

Card Of Thanks

We wish to thank our friends and neighbors for kindness and sympathy shown us during the illness and death of Mrs. John Blight. Also for cars and flowers.

Dodgers Down Pirates Again

Brooklyn Hammers Sweetonic; Hendricks Hits Homer With Two On

PITTSBURGH, June 11.—Brooklyn made it two straight victories by defeating Pittsburgh seven to six yesterday. The Dodgers pounded Sweetonic and Hill's efforts to pull the game from the fire came too late. Eight hits came from Sweetonic and the rest of the 13 from Hill. Moore pitched six innings and Morrison three. The hit that turned the Pirates' faces toward the wall was a home run by Hendrick with two on base. The box score:

Bambino, Yank Slugger, Soon Back

Out of a maze of conflicting reports concerning the condition of Babe Ruth, the slugging attraction of the New York Yankees, comes the fact that the Bam is expected to be back on the playing field in the very near future. This photo shows the Bam sick in bed during a previous illness from which he emerged stronger than ever to smack many homers. Dr. Edward King, benefactor for the Yankees, says the home run king will be back in the game soon.

Central Church To Form Athletic Body Local Boy Home For 12-Day Visit

Church and Sunday School Members Plan To Organize Tonight

An athletic association will be formed by the Central Presbyterian Church, at a meeting of members of the congregation and Sunday school, at eight o'clock tonight. The meeting will occur at the church.

All members of the church and school are urged to be present. The plan is to have some type of sport for those who wish to indulge in clean, wholesome recreation.

When Weaver returns to the Service he will go to San Diego, where he will enter the San Diego Pharmacy school of the Navy to which he has been transferred.

ODD JOBS

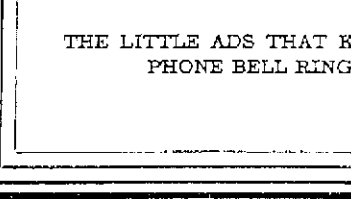

What is Summer Without a Car?

Have you a "handy man" around your home? If so you are fortunate for they are not any too plentiful. The average man comes home at night tired after a day spent at his own profession. He is looking for rest and recreation other than for some odd job to do. Yet those odd jobs must be done if the home is to be kept in repair and the property not be allowed to deteriorate.

The Classified Columns will solve this problem for you as they solve many others, Carpenters, Plumbers, men who have a knack with tools and spare time to turn into money are using the classified columns. Consult them and get those odd jobs cleaned up.

NEW CASTLE DRY GOODS CO.

Railroad Men Honor Blease

Former Chief Clerk On Local
Division Given Fine
Promotion

E. A. Penton, supervising agent of the Erie and Ashtabula division, Pennsylvania railroad, and L. C. Gleason, divisional athletic director, attended a testimonial dinner given in the English room of the Fort Pitt hotel at Pittsburgh on Monday at the noon hour in honor of Walter H. Blease, supervisor of the divisional expenditures of the Pennsylvania at Pittsburgh, but whose promotion to a position of special duty under J. P. Patterson, general manager of the Long Island railroad, New York city, has just been announced. General Manager Patterson was formerly superintendent of the local division. Mr. Blease is well known locally, having resided in New Castle for seven years while occupying the position of chief clerk to the supervising agent of chief clerk New Castle, Mr. Blease, after a number of promotions, was made assistant chief clerk to the general superintendent at Pittsburgh while employed in this latter position.

Jacob Ferree Is Seriously Injured

Ladder Lets Go And He Is Pre-
cipitated To The
Ground

Jacob Ferree, 126 North Crawford avenue, is in the Shenango Valley hospital suffering from injuries of a serious nature sustained early this morning at the home of Guy Ryan, 913 Beckford street, where he was engaged with another carpenter, in constructing an addition to the Ryan home. When Ferree and the other man engaged on the job left last night, a ladder was placed at a rather steep angle against the side of the house and nailed to the house. Mr. Ferree arrived on the job earlier than usual in order to hurry up the job and not thinking, went up this ladder, set at a very abrupt or sharp angle to the side of the house. He had about reached the top of the ladder when the rails holding it to the building gave away and the ladder fell to the ground. An ambulance was called and he was rushed to the Shenango Valley hospital, where it is reported that his injuries are serious. He is injured about the pelvis bone and also in the back.

Mrs. J. L. Stratton Going To Butler Because Of Deaths

Mrs. J. L. Stratton of Haus avenue, received word today of the death of her nephew's wife, Mrs. Leroy Reed, wife of Dr. Leroy Reed which occurred early this morning at her home in Detroit, Mich., following a short illness of pneumonia. Mrs. Reed was just a young woman and her death was very unexpected. Besides her husband she leaves one son. The body will be taken to Butler, her former home, where funeral services will be conducted. Mrs. Stratton also received word of the death of her nephew, Leroy J. Potter, which occurred at his home in Butler Saturday evening. Mr. Potter was 42 years of age. He was one of the prominent men of Butler. He was employed as auditor of the Standard Steel Co. Besides his wife he leaves two sons and one daughter. Funeral services will be held Wednesday, June 12 at 2 p. m. in the Second Presbyterian church of Butler. Burial will be made in Rose Hill cemetery. Mrs. Stratton plans to attend the funeral of both relatives. The wheat market is oblivious to congressional attempts to help the farmer.—The South Bend Tribune.

Residents Oil Fairmont Avenue

Fairmont avenue which will be paved, probably next spring, was thoroughly oiled last evening between Highland avenue and Carlisle street. All of the male residents of the thoroughfare attired in old clothing and shoes "hopped to the task" and as a result of the community effort the avenue is now dustless. Realizing the city could not pave this summer scraped so that the residents could do their own improvement and they feel grateful to the councilman for having the scraping done as soon as it was decided not to pave.

Workman Hurt In 20 Foot Fall

Ignatz Kolodziej, of 35 Elmwood street, Oakland district, was seriously injured last night, while at work at the New Castle Works of the Carnegie Steel company, falling about 20 feet and sustaining a fracture of the skull. He is employed in the converting department and it was in that department that he met with his injury. He was removed to the Shenango

John Barrett Gets Degree In Medicine

John Barrett, son of James F. Barrett of Northview avenue, has arrived home from St. Louis, where on June 6th he graduated from the School of Medicine of the University of St. Louis with the degrees of Bachelor of Science and Doctor of Medicine. He plans to return to St. Louis the 20th of this month, when he will assume his duties as an interne in the City Hospital of St. Louis.
